

# Aral Luxembourg S.A.

Aral Luxembourg S.A., Luxembourg's leading service station operator, is a subsidiary of the BP group, which operates the largest network of service stations in Luxembourg. Aral supplies thousands of customers every day.

Not only do we rely on the excellent quality of our products and services, but we are also preparing ourselves today to meet the demands that the market and our customers will place on us tomorrow. Aral Luxembourg S.A. offers a real opportunity to a motivated and dynamic person looking for an interesting and varied job in an international company.

In this context, we are looking for a

## **Maintenance Engineer (m,w,d)**

### **Your role :**

- You will join our team in organizing and carrying out construction and maintenance work, developing the service station network (including the roll-out of e-mobility) and various other projects

### **Your responsibilities:**

Manage and monitor the technical aspects of construction and maintenance work, ensuring compliance with standards and deadlines.

- Comply with laws and regulations relating to safety and environmental protection
- Drawing up the works schedule
- Implementing the Group's construction standards
- Organizing and monitoring project meetings, drafting minutes and updating the schedule
- Monitor project budgets, ensuring rigorous management of financial resources
- Manage projects independently, in collaboration with team members and other business units
- Ensure good communication between all project stakeholders
- Monitor the administrative management of purchase orders, insurance, etc.

### **Your profile:**

- Bachelor's degree or BAC+3 ideally in electrical engineering or equivalent
- At least 2 years' proven experience in a similar role and environment, as well as a good knowledge of the Luxembourg market and its regulations.
- Practical knowledge of project organization in Luxembourg
- Ability to work both independently and as part of a team
- Willingness and ability to take responsibility
- Commitment and motivation
- Thorough knowledge of MS Office applications
- Fluency in French, English and German; Lëtzebuergesch is considered an asset

### **We offer :**

- The opportunity to work in a forward-looking company for a group committed to the energy transition.
- A positive corporate culture with strong values
- Competitive remuneration including other attractive benefits
- The possibility of home office and flexible working hours

Aral is an equal opportunities employer and encourages diversity in our workforce. If you think your profile might fit this description, please send us your application.

All applications are treated in the strictest confidentiality.
